- **\$275.00 registration fee (\$325.00 after January 31, 2020)**
- **Register at: <http://bit.ly/PRA2020>**

#### ***Renewing your National Registry Paramedic Certification:***

The NREMT has transitioned to the National Continued Competency Program (NCCP) model for re certification. This model requires a total of 60 hours of continuing education in three categories:

1. National Component (30 hours)
2. Local or State Component (15 hours)
3. Individual Component (15 hours)

While California has not adopted the NCCP model yet, we have communicated with NREMT and they will accept continuing education that covers the National Component topic list. NRP recertification will require completion of the local/state hours (15) and individual hours (15) on your own.

Note: skills testing and sign-off is not part of this National Registry Paramedic Continuing Education Course. You should contact your agency medical director or training officer for this requirement.

For further information, please review the re-registration requirements, procedures, and policies for your Nationally Registered Paramedic credential at: [www.nremt.org](http://www.nremt.org).
